Education

PhD, The Hebrew University of Jerusalem, Atmospheric Sciences, 2018
Thesis Title : Numerical Applications of Linear Wave Theories of the Shallow Water Equations on the Rotating Spherical Earth

MSc, The Hebrew University of Jerusalem, Atmospheric Sciences, 2012
Thesis Title : Simulations of dissolved oxygen and the ^{17}O anomaly of dissolved oxygen in the Gulf of Elat

BSc, Physics, The Hebrew University of Jerusalem, 2009

Professional Experience

2021-2024 : Post-Doctoral Associate, Courant Institute of Mathematical Sciences, Dept. of Mathematics. Host: Prof. Edwin P. Gerber.

2018-2021 : Post-Doctoral Fellow, The Hebrew University of Jerusalem, Dept. Atmospheric Sciences. Host: Prof. Chaim I. Garfinkel.

2009-2021: Graduate Research Assistant, The Hebrew University of Jerusalem, Dept. Atmospheric Sciences. Host: Prof. Nathan Paldor.

Awards and Fellowships

2017 : Shindel Prize, Department of Atmospheric Science, The Hebrew University of Jerusalem

Other Academic Activity

Reviewer: Quarterly journal of the Royal Meteorological Society
Reviewer: Journal of the Atmospheric Sciences
Reviewer: Tellus

Research Grants

2022 - 2026: NCAR's Computational & Information Systems Laboratory CISL, Exploratory Allocation, 400,000 CPU-hour + 10,000 GPU-hour.

Teaching

2014 : Instructor: Introduction to Modeling in Earth Sciences
2012-2013, 2015 : Teaching assistant: Introduction to Modeling in Earth Sciences
2013 : Teaching assistant: Dynamical Meteorology
2011-2016 : Physics and mathematics tutoring for first-year undergraduate students, commissioned by the Institute of Earth Sciences, The Hebrew University of Jerusalem
